OBJECTS

The objects of the Lac La Biche Region Watershed Stewardship Society are to:

1. Undertake Activities
 - To organize and support activities and projects that improve or maintain the watershed health, water quality and water quantity in Lac La Biche region.
2. Increase Education and Public Understanding
 - To educate others about the importance of watersheds in the Lac La Biche region, and the good stewardship of these watersheds.
 - To inform others of best, sustainable environmental practices.
3. Build Relationships
 - To build relationships and collaborate with municipal, provincial, federal, and aboriginal governments, the Athabasca Watershed Council, and other organizations regarding watershed planning and stewardship in Lac La Biche region.
 - To provide an open platform for ongoing community discussions on issues pertaining to watershed stewardship in the Lac La Biche region.
4. Expand Research
 - To promote, perform, assist with, and compile research that will better inform watershed management decisions
 - To collect, analyze and publically disseminate scientific data and research results relevant to watershed stewardship in the Lac La Biche region.
5. Advocate For Watershed Enhancement
 - To advocate for regulatory and non-regulatory actions that will help to improve watershed stewardship in the Lac La Biche region.
